**Executive Certification** is designed so individuals can stay current in the public safety industry and with the Academy by receiving regular mailings, announcements, and the **National Journal of Emergency Dispatch** (our official quarterly publication). While certification membership is important for maintaining professional work credentials and demonstrating competence through testing and continuing education, in some cases this is not necessary. The option to continue Executive Membership offers an important alternative for people involved with management, administration, or oversight of emergency dispatch operations without having to maintain employment in the public safety industry or complete a CDE or recertification program. Call **(800) 960-6236** if you have any questions about your membership.

**Please continue my Executive Membership for:**

1 year (**\$19**)    2 years (**\$35**)    3 years (**\$49**)
